Why Scentsy Wickless Candles?

Scentsy Wickless Candles are a Unique Candle Warming System that uses a light bulb to warm the wax slowly into a pool of melted wax that maximizes the strength and life of the scent. **Scentsy Candle** bars last up to 80 hours and will never release the harmful chemicals that you can find in regular jarred candles.

If this is your first introduction to Scentsy Wickless Candles, trust me, you will soon LIKE them for their safety and the peace of mind they provide. You will LOVE them for their long-lasting fragrance and incredible value. They
